DISGRACEFUL SCENE AT BASEBALL GAME

Salt Lake Fans Treated to an Exhibition of Chronic Rowdyism.

MOB THREATENED VIOLENCE.

PACIFIC NATIONAL LEAGUE.

The above table of figures has no particular bearing upon most of what is to

follow. There is nothing new in the table, The Salt Lake baseball fans, and a large pertion of the Salt Lake public that canot be classed as fans, were treated to an exhibition of rowdy baseball at Walker's field yesterday (Sunday) afternoon that would warm the cockles of the heart of the worst anarchist in Colorado.

To say that the scene was disgraceful and degrading is but stating it mildly.

when a bail game, or the unjust decisions of an amplre, if you please, causes such an outbreak of passion as that witnessed yesterday afternoon, and so angers otherwise supposedly sane persons to the extent that their nearts are filled with the spirit of mob violence and murder, then, indeed, is the great national game failing into evil days.

Some have tried to justify their rowdy actions by saying they have proof that Jones "intended to give Salt Lake the worst of it." Granting all that to be true, is that any reason why the man should be attacked by hundreds of infuriated men and be treated as though he were a mad dog? Such a spectacle as that witnessed on lower Main street is a shame and a disgrace to the community and to every person who took a hand in it. While angry men and boys rushed upon the field with the evident intention of dealing summarily with the defenseless Jones, men with the evident intention of dealing sum-marily with the defenseless Jones. men and women sat in the grand stand and some laughed with gies while others urg-d on the mob with cries of "kill him." Peaccable citizens residing in the neigh-borhood were scandalized at the sounds emitted from the park. Well, they might have imainged they were living in the gays of Rome when men and women, seated in the circus, shrieked and howled with delight at the sight of life's blood ueing spiled.

THE MOB'S MAD RUSH.

With a rush and a roar the mad moushed upon the field toward Jones. 1 With a rush and a roar the mad mobrished upon the field toward Jones. It
took but a second to realize the danger
of the situation, and to their credit be it
paid the ball players. Boise and Sait Lake
alike, rushed to the rescue of Jones,
seizing baseball bats and anything that
would serve as a weapon, they formed a
ring about the unhappy indicator holder,
and with the assistance of a few policemen, managed to save Jones from the
mob's cutches. There were several fights
but they were stopped almost as soon as
they were started. While the angry crowd
clamered for Jones, he was husticed into
a carriage and the driver of the vehicle
made a rush for the gate to head it off.
Falling to head off the carriage, they contented themselves with showering rocks,
sticks and mud in the hope of injuring
the object of their fury. But he was in
the bottom of the carriage, and so far as
known escaped uninjured. The driver
drove south and returned to town on a
street west of the drive. Another carriage
drove out of the gates and started townward, Several of the mob thought Jones
was in it, and threw missiles at the vehicle.
WHAT HAPPENED TO JONES.

WHAT HAPPENED TO JONES.

WHAT HAPPENED TO JONES.

What happened to Jones?
He was hurried up town and to the Wison hotel. He had been stopping at the Kenyon and a crowd of probably 100 assembled there, expecting to see the umpire drive up. But he came not.

The trouble began when McKevitt of Boise was at bat in the ninth inning. Jones' work all day had been bad. This cannot be disputed, but the more conservative agree that the man simply does not understand the game well enough to act in the capacity of umpire. They do not believe that he purposely gave rank decisions, but whether he intended it or not, he gained the displeasure of the crowd, and there was a large crowd present, probably 2,500 persons. His judgment on balls and strikes were in nearly every instance erratic. Balls he called strikes, and strikes balls. He gave Bolse bad decisions, but Salt Lake got the worst of it. THE FUN WAS ON.

THE FUN WAS ON.

Elmer Meredith pitched a bail to Mekevitt and the latter swung at it and missed. Jones called it a bail! Meredith was wild with rage. So was "Dad" Clark, and in a second there was a rush for Jones, all protesting vigorously, but to no purpose. Jones ined Meredith \$5 and Clark \$10. During the hot words between Meredith and Jones, the former struck the latter and then McCloskey mushed on to prevent further trouble. This seemed to be a signal for the bleacherites. There was an angry roar and then a rush for the field. Men fought and struggled to be the first to lay violent hands on Jones. McCloskey mounted a bench and tried to make a speech, but the roar that greeted Maro Anthony when he uttered the first words of his famous oration over the body of his friend, were as the pipings of emidien compared with the how! that greeted John the Honest.

THREW WATER ON CROWD.

THREW WATER ON CROWD.

Second Baseman O'Connell tried to pour lon the troubled waters, by throwing ater on the crowd, and it was really onderful to behold the effect of the agua are had on the mob, or that portion of that received the shower. This created stampede toward McCloskey and he was nominously dumped from his lofty rick, while some gay rooter joyously the O'Connell a kick that threatened to refer the rooter-booter and smashed him that a shriek or rage O'Connell took affect the rooter-booter and smashed him that a shriek or rage O'Connell took affect the rooter-booter and smashed him that a shriek or rage O'Connell took affect the rooter-booter and smashed him that a shriek or rage O'Connell took affect the rooter-booter and smashed him that a spelling like mad. No assemblage of the fan ever behaved so disgracefully, he police rendered valuable aid in savy Jones, but there was one of the officer who did about as crazy a thing as when the mob started for the field, this fleer pulled a revolver and rushed into the thickest of the fray. He carried the in his hand until quiet was partly stored and then replaced it in his pockthat policeman should be given about days to think over his folly. Ball bats and clubs were sufficient.

CHOKED A POLICEMAN.

A young athlete named Smith thought the pelice were out of place when they rushed onto the field, and he took the opportunity of expressing his thoughts by grabbing Sergeant Dick Eddington and another officer in an affectionate strangle-hold, and tried to hold them back. He succeeded for a time, but for his folly he was arrested and taken to the station. It was released later.

Lake and Boise, pitched good hall, but good, bad and indifferent were all alike to Jones. When the trouble started Boise had made six runs and Sait Lake four. But the home team's best batters were coming up, and the team had an excelent chance to win. But the game was broken up, and consequently it goes to Boise by a score of 2 to 0, under the rules of the game. The figures for the thing as far as it went, follows:

SATURDAY'S BALL GAME.

Boise Upstarts, Assisted by Poor Work,

Created a Loss.

The fact that the Boise Infants, brought here by John the Honest, got started off well in Saturday's tussie, and the fact that our bunch played with fits and jerks resulted in the game being wrenched from us. Seven to three about explains matters. Our collection was a bit crippled, Bruyette was out of the game owing to a sore hand, and Farmer Hannivan took his place at short. Hannivan is all right in the middle pasture, but at short he is a snare and a delusion. He let some balls go by that meant runs for McCloskey's congiomeration.

Then there was Jones—the umpire, Jones, who is a dead-ringer for Sammy McClinitic, seemed to have one of 'ked Sammy's' erratic spells on, and his judgment was balls and strikes was about as near right as if he were blind in one eye and cross-eyed in the other. He probably intended to do the square thing by both teams, but didn't know.

PRIX DE PARIS.

Race Worth \$40,000 Was Won by Ajax, Owned by Blanc.

Paris, June 12.—Edmand Blanc's bay colt Ajax, by Flying F'ox-Amie, today won the grand prix de Paris of \$40,660, distance about one mile and seven furlongs, this stable thus accomplishing the rare, feat of carrying off three great events of the year, the prix de Joace, (the French equivalent of the English Oaks), the prix de Jockey club (the French equivalent of the English Oaks), the prix de Jockey club (the French equivalent of the English Deroy), and the grand prix.

Everything commined to make the occasion an immense success. The weather was delightful, the clouds tempering the heat without threatening rain; the field for the chief event was large and of high quality and the attendance was both popular and fashionable. There was almost a record display of charming summer tollets, remarkable even for this ever brilliant function. The interest was increased by the opening of the new stands built during the winter.

President Loubet, accompanied by Mme, Loubet, drove in state to the course and received the heartiest greetings from the huge crown which was gathere along the route. After receiving a welcome from the authorities of the Jockey club, members of the cabinet and the diplomatic corps, President Loubet went to the new presidential stand and watched the race with the keenest interest, He congratulated the winner before leaving the track.

Ten horses started for the grand prix, about half a dozen being at fairly short prices, though Ajax was a hot favorite.

The race was classly contested, W. K. Vanderbill's Aurenne, with the American jockey, Ranch, up, leading almost to the nuish, when Stern called on Ajax for a final effort, which landed him a short half length a head. The third place fell to McDonald II, of Blanc's second string, the unsuccessful Derby candidate Gouvernau taking fourth place. The victory of the favorite was naturally very uopular and the youthful jockey received a great ovation.

Private Line for Turfman.

Lexington, Ky., June 12.—It was announced today that J. B. Haggin, the millionaire turfman, would soon complete a private electric track from the front gate of the Elmendorfi farm to his residence. Arrangements have been completed to connect it with the Paris & Lexington Interurban line. Haggin can then step into his private car in New York and not leave the car until he steps out on his front porch.

Fitz and O'Brien.

New York, June 13.—An agreement has been reached and articles will be signed shortly for a six-round boxing match between Robert Fitzsimmons and "Philadelphia Jack" O'Brien. The bout will be held in the open air in the Philadelphia ball park.

The exact date will be dicided when the article are signed. The men will weigh in at 165 pounds.

"PENNY" GOSSIP.

Beginning today we are to have ball games on Mondays.

McCloskey's collection of pennant chasers will clash with the Gimlinites for the last time of the present series this after-Wilmot's Miners and the home guards are due to cross bats at Walker's on Wednesday. Six games will be played, Wednesday is Ladies' day.

Wilmot is trying hard to bolster up his team. Pete Dowling is due to appear in a Miner costume during the coming series, and Cy Vasbinder, a pitcher who was with the Cleveland Americans last year, has been signed. These twirlers should add material strength to the team.

hummer. Besides soveral sprint events for professionals and amateurs, there will be a match race between Collett and Hopper, and Billy Samuelson, holder of the world's record for one mile un-paced, will go after the two mile record.

Jimmy Wiggs, recently suspended by the management of the Salt Lake team, did not have a decent show to redeem himself in Saturday afternoon's weird wanderings at Walker's. His support was miserable, and Jones as unpire, was enough to cause any pitcher to quit the game and do a Barney Oldfield to the shadow of the pines.

While on the subject of umpires, it might be well to ask: "What's the matter with "Dick" Richards?" Dick's name has been suggested to the fans and also to President Lucas. That he would make as good an indicator holder as any we have seen here, there can be no doubt. It is certainly well qualified for he understands the game from Alpha to Omega, and his decisions would be just and learless.

There is a story going the rounds among the ball tossers that John the Honest, tried exceedingly hard to "hand a bunch" to the management of the Salt Lake ball team, by selling it one McKevitt, who does a statuesque stunt in right garden for the Honest One. Hearing that an outhelder was needed here, John wrote a letter to the manager, couched in most sympathetic ferms, explaining that he would like to do the team here a good turn, and that McKevitt could be had for the mere consideration of 30 simoleons. The manager nearly fainted when he read the "touchang" epistle, but he did not forget himself long enough to part with the coin.

The announcement was made last evening that a fight had been arranged to take place here the latter part of this month between Eddie Santry and Louie Long. This match was first spoken of by S. J. Kelley, of the Shamrock club, and both boxers agreed to come here for him. But one of the managers of the Flynn-Reilly flaxeo put in a knock against Kelley by stating that he "stood in with the mayor" and was the only man who could pull a contest. The statement was emphatically deshied by Kelley, but he was nevertheless shut out of the game, and the persons referred to now seem anxious to secure the match contemplated by Kelley.

Puglistic history will be made in Butte today, and the fight fans in the smoky city will be given a feast of uppercuts, labs and wallops. Two important contests are scheduled to take place there today. One is for the white welterweight championship between Billy Mellody, present champion, and Jack O'Keefe of Chicago. Both are said to be in excellent shape, and a hard contest is looked for. The other contest is between Aurelio Herrera, and Benny, Yanger. These little follows have fought hefore, and there is now great love between them. Both are confident of victory. It is always impossible to predict a sure winner, but the boys who seem to have the best chance today, according to when ring followers term "dope," are Mellody and Herrera.

Laio Yang, June 12.—Ensign Marilo, who has returned from the battle of Saimatza, fought on June 7, says that the Japanese lost about 300 men. He speaks in the highest terms of the work of the Rad Create terms of the work the Red Cross doctors Poosen Bentesh, who attended the wounde under fire. When the order came t retire these doctors refused to leav the bandaging station until the last o the wounded had been brought out an

attended to.

After the battle a wounded Russian was found with his tongue cut out and his fingers severed. There is a general disinclination to attribute this mutilation to the Japanese after the kindness which they had previously shown to the Russian wounded, and it is thought to be more probable that it was the work of Chinese bandits. It is alleged that during the engagement the Japanese again misused the Red Cross by getting within 400 yards under its cover and then firm volleys.
